Statement on Senate Action on Food Quality Protection Legislation *July 24, 1996*

I am pleased that the Senate tonight passed the Food Quality Protection Act. Americans have every right to expect the world's most bountiful food supply will also be the world's safest. Earlier this month, I announced tough new measures to improve meat and poultry safety. Meeting goals I set early in my administration to strengthen our pesticide laws, this legisla-

tion is another major step forward. It puts in place a strong health-based standard, provides special safeguards for children, and protects our health and safety using the best science available. This bill demonstrates how Congress and the administration can work together to help farmers and consumers, and I look forward to signing it.

Remarks Prior to a Meeting on TWA Flight 800 Recovery Efforts in Jamaica, New York *July 25, 1996*

[*The President's remarks are joined in progress.*]

The President. —have a briefing from all the folks who have been working on this terrible tragedy, making an effort to recover the bodies as quickly as possible and find out what caused the crash. And I'm looking forward to that briefing and having a chance to thank them for the efforts they've made and then to go over and meet with the families.

I want to thank the Members of the Congress, the Governor, and other officials from New York, and particularly the Ambassadors from France and Italy for being here with me. And I'm anxious to get on with the morning.

Thank you.

Q. Are you satisfied with the efforts to recover the bodies even as the search for clues as to the cause of this tragedy is underway?
